

## HAVE YOU A CHILD?

Many women want for children, but because of some physical defect or abnormality are denied the blessing of life.

The Compound below very often is used to help women who are unable to have children. Write and ask them about it.

"I took your Compound and have a fine, strong baby."—Mrs. JOHN MITCHELL, Massena, N. Y.

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers."—Mrs. A. M. MYERS, Gordonville, Mo.

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me."—Mrs. E. M. DOERR, B. R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world."—Mrs. MOSE BLAKELEY, Imperial, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born."—Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it."—Mrs. WINNIE TILLIS, Winter Haven, Florida.

**Simple Home Treatment for Objectionable Hairs**  
(Toilet Talk)  
Here is a toilet help you should remember, because it may at some time be the means of saving you from embarrassment: To quickly and painlessly remove hair or fuzz from chin, lip or cheek, apply a thick paste made by mixing together powdered delatone and water. Let this remain on the hairy surface about 5 minutes, then rub off, wash the skin and lo! the hairy have vanished. This treatment is entirely harmless, but caution should be used to see that you get delatone. Advt.

No Extra Charge for It.

## BABY'S FOOTPRINT MARKED BY 'PAPA,' USED AGAINST GILON

It Was All Daughter of Tyral Marriage Had in Place of Christening.

Holding a faded piece of brown paper, cut in the shape of a baby's foot, in her hand, Dorothy Gilon, a pretty manicurist, explained to Justice Greenbaum in the Supreme Court to-day why that memento meant as much in her life as the christening of another child.

Dorothy took the witness stand to aid her mother, Mrs. Hattie Gilon, in the suit she has brought against Franklin L. Gilon, an employee in the County Courthouse to compel him to pay her alimony. Gilon had repudiated Mrs. Gilon as his wife, after they had lived together in trial marriage for more than twenty-four years. Of course, this repudiation affected the daughter, who was born during that trial marriage.

"Papa placed a sheet of brown paper under my foot when I was eleven years old," said Dorothy. "He marked the shape of my foot out on the paper and then cut it. After this he signed his name—'Papa Gilon'—on the back of this slip. Of course I never had any idea he would say that he wasn't my father."

**ALWAYS CALLED HER HIS DAUGHTER.**  
There were other little tokens that the girl produced—several letters and postals from Gilon in which he addressed her as his daughter and signed himself "Your Papa."  
"As far back as I can recollect," she went on, "he called me his daughter and said he was my papa. He always sent me presents and it wasn't until two years ago when papa's affection for mamma seemed to grow cold that he said I wasn't his daughter."  
Mrs. Gilon followed her daughter on the stand. She said that her husband and she did not go to a minister or Justice of the Peace after meeting through a mutual friend, but that "they just agreed to try marriage," according to their own views. The agreement was framed something like this:  
She was to continue to go on with her work and retain all the money she earned.  
He was to do the same with his money except that he was to pay the house rent and buy the food.

## MARTIN SHERIDAN PUTS HIS FOOT DOWN ON RIOT

Cleans Up Court Room When Friends Try to Rescue Two Prisoners.

Detective Martin Sheridan, the all-around athlete, quelled a disturbance in the Centre street police court to-day in quick order.

Fifty young men, friends of Charles Road of No. 75 Seventh street, and Theodore Ladell of No. 51 Catherine street, prisoners on the charge of having burgled tools in their possession, gathered in court. When the two were remanded to the Tombs the fifty began to move about the court room.

When the two prisoners were being taken to the Bridge of Sighs, Road made a jump toward a detective who was escorting him and grappled with him. Instantly a dozen or more of his friends tried to reach the combatants. It was then Sheridan began business. Here is what happened:  
The two prisoners went down a pair of stairs, propelled by Sheridan's foot. Several of the gang flew out of the court-room before the body figure of the athlete. One of them went to the door when he put up an argument. Order was restored.

**\$250,000 TO HER CHAUFFEUR**  
Buffalo Widow Leaves Bulk of Estate to Man She Employed.

BUFFALO, N. Y., March 20.—By the will of Mrs. Rose S. Foster, who died several days ago at the Marie Antoinette Hotel in New York, the bulk of her estate, estimated at \$250,000, is left to Roy A. Chilson, her chauffeur. Mrs. Foster was the widow of a wealthy Buffalo merchant.

## SHOOT DOWN THREE, IS SHOT HIMSELF

Washington Man Has Pistol Duel With Policeman After He Wounds Wife and Relatives.

WASHINGTON, March 20.—Herbert Kabanaky, a grocer, ran amuck with a revolver to-day, shot three persons, one of whom may die, and was taken, wounded himself, after a pistol duel with a policeman.

His wife, mother-in-law and brother-in-law fell before his rage, and the wife was seriously wounded. Family troubles were the cause, the police say.

## YOUR BLOOD

Is the canal of life but it becomes sewer if clogged up. All life consists of building up and tearing down and just in the same manner that the blood carries to the various parts of the body the food that the cells need for building up, so it is compelled to carry away the waste material that's taken down. These waste materials are poisonous and destroy us unless the liver and kidneys are stimulated into refreshed and vigorous life.

**DR. PIERCE'S Golden Medical Discovery**  
Is the balancing power—a vitalizing power. It acts on the stomach and organs of digestion and nutrition—on the purifying filters which clean the blood. Thus fresh vitalized blood feeds the nerves, brain and brain.

This well known alternative relieves attacks of the stomach and headaches accompanying same, and has been successful for more than a generation as a tonic and body-builder. It builds up the rundown system. It does it—if you are always "aching cold"—or have catarrh of the nose or throat. The active medicinal principles of American-Indian roots are extracted without alcohol and you can obtain this tonic in liquid or tablet form at any drug store or send 50 cents in 1-cent stamps for trial box of tablets.

## Imported Floor Covering First Spring Showing

In the Carpet Department, Fourth Floor, Broadway, Macy's has on exhibition and sale a remarkable collection of imported Wiltons, Axminsters, Tapestry Brussels, Wilton Velvets and Linoleums in designs and colorings which cannot be found in any other New York store this season.

Included in the assortment are Victorian Seamless Axminster Rugs, Aragona Seamless Axminster Rugs, Super Wilton Rugs, Rock Wilton Rugs, Regina Axminster Rugs, Seamless Wilton Velvet Rugs, Seamless Tapestry Brussels Rugs and Worsted Wilton Velvet Carpets.

All of these exceptional treasures are shown in a profusion of designs and sizes. The Wilton Velvets are remarkable for their lustre, which can be compared only with that of an Oriental Rug.

The Inland Linoleums, made in the North of Scotland, are the first of the mill's output to reach America.

## The Touch of Spring In House Draperies

Lace Trimmed Scrim Curtains, some with hemstitched hems, are priced 74c, 98c and \$1.24 a pair. Fresh, simple and attractive.

Scrim Curtains with hemstitched hems, trimmed with both lace and insertion, cost \$1.49, \$1.98 and \$2.24 a pair, with a splendid showing of the more expensive Curtains up to \$22.49.

Scotch Madras Laces, 35 inches wide, sell for 16c to 39c a yard, and 45 inches wide for 21c to 69c a yard.

Cretonees, this Spring are of endless variety and are more popular than ever for bed sets, draperies, wall coverings and furniture. There are styles suitable for every use, cotton all the way from 19c for a 31-inch corded print to \$2.97 for a 50-inch warp print.

**A Suggestion for Summer Draperies**  
Instead of taking down draperies and portieres and storing them for the summer, let us make dainty cretonne dustproof slip covers for them. This not only provides a distinctively decorative effect, but protects the heavier draperies from both sun and dust.

To cover silk and tapestry covered walls cretonne is not only prettier but more pleasing than the muslin usually employed. Let us estimate and submit samples if you are interested.

## Advice on Beauty by Claire Ainsworth

**A Beautiful Complexion.**  
As I regard it, there are only two essentials for a beautiful complexion—pure blood and the proper materials to treat the skin scientifically. Given these and time, with effort, and a woman under fifty can possess a beautiful, tinted complexion, making her admired by all mankind. Pleasant, generous thoughts make expression divine.

Assuming the blood is pure, but the skin red, sallow, harsh, dry, oily, muddy or blotchy, then all that is required is scientific treatment and care. The treatment I have found best of all—and likewise hundreds of my correspondents—consists of glacial gowns, a "water massage," glacial steam, a vanishing cream, and glacial, a nourishing cream. With the treatment are full and detailed directions for use, to restore and preserve a beautiful skin and complexion. This is a treatment that all women, pretty or otherwise, should use, as it makes the "pretty even prettier."

Mrs. E. S. L. asks: "A friend of mine living in the West informs me that after trying numerous treatments for developing the bust, without success, she earned through a physician that indicated venereal disease. She says that in three months her bust increased from 30 to 32. Would you do me any kindness about it?"

Answer: I know it to be one of the best and surest treatments, and advise any woman who wants to develop to use it as per directions with each sealed tube.

Consultant asks: "My blood is impure, my face pimply, greasy and muddy, and some few blackheads. Advise me."

Answer: There are many good blood purifiers, but medical experts advise that for clearing and whitening the skin of the face and hands there is only one reliable article and that is our glacial, vanishing cream, sold in sealed tubes as directed, with accompanying directions. These tablets may safely be used by you or any one.

Love asks: "Can you recommend a formula for washing and caring the hair?"

Answer: I use regularly about once a week a special preparation called glacial wash, and by my picture you can judge how beautifully it keeps my hair. I am not vain, but it is as it is and cannot be detected.

Mrs. C. R. asks: "I notice that you have a wealth of beautiful hair. Do you use a tonic?"

Answer: My hair was thin and of poor lustre until I began using one-half ounce hairwash powder mixed with a pint of water. In less than six months my hair grew eight inches, and it has ever since been mixed and admired. Use this tonic once or twice daily.

Mrs. A. L. asks: "Please advise if one should use face powder, and what is the best?"

Answer: Face powder is almost essential, and the glacial face powder, in my opinion, is the best. It is pure and very fine.
